**Please answer the following question on a different page:**

1. Briefly describe any formal training you have had (such as classes at your school or at other schools) in any elements of theatre or related dramatic arts.
2. Briefly list experiences you have had (acting, directing, stage manager, designing, construction, running crew, etc.) working on or with theatre productions in your school, community theatre or professional theatre.
3. In an essay of approximately 250-500 words, tell us what elements of the dramatic arts excite you the most. What aspects of theatre and related studies have made you interested in pursuing this field? Are there any specific functions within the dramatic arts (director, dramaturg, historian, critic, playwright, stage manager, agent, many more) that you are thinking about as a potential career?
